Hi Roger,

Thank you for requesting a quote and more auto tinting information from **A Terrific Tint Inc!**

We specialize in tinting all makes and models of cars and trucks with only the best window film and great customer service.

We tint for some of the nicest people and most respected dealers in Orange County including Park Place Lexus, Infiniti and Audi of Mission Viejo, Saab of Mission Viejo, Norm Reeves Acura, John Paradise Automotive and the Sullivan Group at Fletcher Jones Motor Cars in Newport Beach.

#### Accountability

For your peace of mind we are a California Corporation with a store, business license and insurance (this is called accountability).

#### Our Shop

You will be pleased to note that we do all our tinting inside our shop where it is as clean as possible. We do not tint in a parking lot, driveway or a car wash back bay where it is impossible to do clean work. All of our work is performed by highly skilled and trained [tint technicians](#). We are conveniently located in **Mission Viejo** at Avery and the I5 Freeway (30 minutes south of Disneyland).

#### Our Film

We only carry Llumar's best top of the line films. We proudly carry the new Llumastar Carbon based ATC films in a variety of shades. All our work comes with a written [Manufactures Lifetime Warranty](#) which is honored at over 9,000 Llumar dealers nationwide.

The new technology carbon film we use came out this year and is specifically designed to work on all the new vehicles like yours - with rear window radio antennas, XM radio, GPS, and Blue Tooth Technology.

#### Our Warranty

The warranty is a nationwide lifetime fix or replace free any film problems for as long as you own the vehicle. The warranty is backed up by over 9,000 Llumar dealers.

#### UV Protection

All our film prevents 99% of the harmful UV from coming into your car. We often have customers with medical issues regarding damaging UV. Our [UV Protection](#) film not only prevents UV from causing anymore harm but many of our customers have been reimbursed for our tinting by their medical insurance - ask us how this can work for you.

#### California Legal Window Film

To give you the best tinting experience possible, we carry and recommend a specific Llumar Window Film that is [legal in California](#) for the drivers and passengers front side windows. You will receive a Llumar manufacturer's "[Certificate of Compliance](#)" that your car's window tinting is legal in California if you chose this film for your two front door windows. We will be happy to show it to you when you come in and it is part of our presentation on shades and colors that help you decide which tint to have us install on your vehicle.

#### Green Energy Solutions

Tinting your car can also reduce the heat coming into your car by keeping up to 62% of the solar energy out. This helps improve your fuel economy by reducing your need for air-conditioning. It also makes your vehicle look cooler too! We want to help your car to look it's best, keep you comfortable, and protect your future (eyes & car interior). Tinting also [stops interior damage](#) from the sun and helps with the [resale value](#) of your car.

#### Computer Cut Technology

We were the first tint shop in [Orange County](#) to use a COMPUTER to cut all the window film. We have the newest [Llumar Precision Cut](#) Software and Hardware available for cutting the film to your car's exact specifications. The old risky way is to use a razor blade to cut the film on the outside of your vehicle windows. We do not use a razor on your car! We cut all the film with a computer driven plotter cutter. We have been using this [computer technology](#) since May of 2000.

There is no risk to your car's glass and window rubber when we work on your car - and the cut is computer perfect every time.

#### Your Price:

To completely tint your **BMW 4 Door** with any shade you like and with legal front door tinting is normally: **\$235**

Make an **appointment** to have us tint your car on or **before Saturday 4/24** and our Internet **special** price is **\$210**

- This is an out the door price
- Old film removal if needed is extra
- There is **no sales tax** added to your window tinting
- We use the Llumar Precision Cut Computer Cutting System
- You will receive the Best Film on the market today
- Nationwide manufactures lifetime warranty honored at over 9,000 dealers

\* You must bring this e-mail with you for the special rate.

**To Schedule Your Appointment Call: 949.365.9092**

Or you may [email](#) us to schedule your appointment.

If you have any questions not answered here about tinting or our services, please give us a call.

We are always ready to serve you and want your business.

Thank you again for your interest.

Warm regards,

--  
Jeff Paulin
